

Ride to Conquer Cancer 2010

June 2010 saw Dr. Bob Wood, head of the department participate in his third consecutive ride for the cure campaign. This campaign raised over 16 million dollars for the Princess Margaret Hospital Foundation and the Campbell Family Cancer Research Institute. The ride itself is just over 200 km over two days from Toronto to Niagara Falls. It is a ride and not a race and is a super way of getting in shape, having fun and contributing to a very good cause. It is the largest cycling fund-raising event in North America and a great way of being part of something larger than ones self.

Dr. Wood with “Team Surge On” team-mates and the President of the Princess Margaret Hospital Foundation. From left to right Dr. Bob Bell, President and C.E.O University Health Network, Dr. Robert Wood, Head Department of Dental Oncology, Ocular, and Maxillofacial Prosthetics, Mr. Paul Alofs, President of the Princess Margaret Hospital Foundation, and Dr. Jonathan Irish, Head, Department of Surgical Oncology, Princess Margaret Hospital.

If you would like to sponsor Dr. Wood you can do so by doing so on-line at http://www.conquercancer.ca/site/TR/Events/Toronto2011?px=1344117&pg=personal&fr_id=1361
